

DIXON EVENING TELEGRAPH

OFFICIAL PAPER OF THE CITY BY ACT OF CITY COUNCIL.

Telegraph Sixty-First Year

DIXON ILLINOIS SATURDAY NOVEMBER 9 1912

Dixon Daily Telegraph Twenty-Ninth Year No 265

COL. ROOSEVELT WINS CALIFORNIA

Latest Returns Give Him Lead of 752 Over Governor Wilson.

IOWA GOVERNOR A DEMOCRAT

McGovern Leads Opponent in Wisconsin by 6,000—Resume of Belated Returns From Many States—Official Count for Kansas.

San Francisco, Nov. 9.—Four thousand two hundred and ninety-three precincts out of 4,372 in the state give Roosevelt 231,369; Wilson, 280,617; a plurality of 725 for the Progressive candidate. The 79 precincts still to be heard from are in remote regions of the state and it is not expected returns from them will be received until an official canvass is made. It is probable Roosevelt will get enough votes in the missing precincts to maintain his lead.

Wilson Lead 16,873 in Illinois. Chicago, Nov. 9.—Woodrow Wilson's plurality in Illinois continued to mount as returns from the precincts missing filtered in. Twenty-four scattered returns gave a net gain of 1,831 votes to the president-elect and increased his known lead over Theodore Roosevelt to 16,873. Only 17 precincts remain in the uncounted column.

Democrats Win Iowa Governor. Des Moines, Ia., Nov. 9.—Returns indicate positively that E. G. Dunn of Mason City, Democratic candidate for governor, had defeated his Republican opponent, George W. Clarke, by a plurality exceeding 4,000.

Put McGovern's Lead at 6,000. Milwaukee, Nov. 9.—With three counties, Polk, Burnett and Sawyer, still to be heard from, State Chairman George E. Scott of the Republican committee fixes the lead of Governor McGovern, Republican, for governor of Wisconsin over Karel, Democrat, at 4,557 votes.

Two years ago these missing counties gave McGovern a plurality of 2,000. Figuring a loss of 1,000 over two years ago in the counties yet to report, Chairman Scott estimates that McGovern's plurality in the state will be at least 6,000.

The rest of the Republican state ticket, Chairman Scott figures, will top McGovern's vote by from 5,000 to 8,000 votes.

Some Belated State Returns. Portland, Ore., Nov. 9.—Dr. Harry Lane is certain of election to the United States senate. His majority over Ben Selling, Republican, is 1,400, with 120,000 out of about 132,000 votes counted. Woodrow Wilson's majority has grown steadily with the count. It will total about 12,000.

Oregon's delegation in the next congress will consist of two Democratic senators, two Republican and one Progressive congressmen.

St. Paul, Minn.—Roosevelt's plurality is now 15,151 over Wilson, and probably will reach 20,000.

Reno, Nev.—Massey, Republican, now leads Pittman, Democrat, for the senate.

Philadelphia.—Plurality for Roosevelt now 44,311. It is believed it will be about 50,000.

Seattle, Wash.—With 115 precincts to hear from, it seems almost certain that Ernest Lister, Democrat, has been elected governor over Gov. Marion E. Hay by a majority of 1,500 to 2,000.

Newark, N. J.—Based on present estimates the total Wilson vote in New Jersey was 168,000, 14,000 less than the vote cast for Bryan in 1908. The combined Taft and Roosevelt vote was 221,000, in round numbers, 44,000 less than the Taft vote of four years ago.

Boise, Idaho.—The official count may be necessary to determine the vote of this state. The returns so far give Taft 26,241, Wilson 29,709, Roosevelt 14,628, but the precincts to be heard from are heavily Democratic and probably will give Wilson a lead.

Topeka, Kan.—It will take the official count to decide the governorship. Capper, Republican, leads Hodges, Democrat, by 339 votes on complete and unofficial returns from all the 105 counties of the state.

SKATING RINK OPENS TONIGHT. The Dixon roller skating rink will open this evening in Armory hall, and will continue on Tuesday, Thursday and Saturday evenings and Saturday afternoons of each week during the winter. Free instruction will be given on Thursday afternoons.

The gentlemen who are to conduct the rink came here well recommended and have an ample supply of new skates. The floor has been put in good condition and everything is in readiness for this evening.

BOY SCOUTS GET WORKOUT. The Y. M. C. A. Boy Scouts were given a very thorough drill in military maneuvers this morning by Physical Director Webster.

ABE MARTIN

This is the time of year when the reliable family miff with its left wing shot away rejoins the family circle. A bumper crop of pertains only means that you'll get bumped when you come to buy a few.

FORMER DIXONITE

IS AN INVENTOR DR. L. L. FUNK, ORIGINATOR OF PRESSURE ANAESTHESIA, HONORED BY HIS PROFESSION.

The September issue of the American Dental Journal contains articles concerning, and highly complimentary of a former resident of this city, Dr. L. L. Funk, now of Chicago.

An article in the magazine, accompanied by an illustration in which Dr. Funk is the central figure, tells of the discovery of pressure anaesthesia, a new method used in dentistry. Dr. Funk is credited with being the discoverer of this wonderful method and is given great honor for the great blessing he has bestowed upon dentists in general and suffering humanity as it sits in the dentist's chair in particular.

COOKE'S TEAM TAKES LONG RUN

DRAY TEAM RAN EIGHT MILES THROUGH THE COUNTRY LAST EVENING.

The dray wagon team owned by Joseph Cook, who recently started in the draying business, went on a tear last night just after dark and ran eight miles, causing considerable damage to the outfit and losing two brand new stable blankets.

The team started from the corner of Eighth and Ottawa and ran east out of town on the Franklin Grove road to Luther Burkett's place, and north from there to the Daysville road, from there to the River road and on the River road close to town, where they came to grief. They got tangled in a switch rail and broke the tongue of the wagon and tore the harness in several places. Mr. Cook saw his team start and followed them all the way around the route, finally catching up to them where they were caught.

Mr. Cook will reward the finder of his blankets if he will leave them at Sterling's drug store or at his home, 310 Poplar street.

FILL VACANCIES ON HOSPITAL BOARD

MISSSES RUTH SMITH AND LUCILLE REYNOLDS ARE APPOINTED.

The vacancies on the Katherine Shaw Bethea hospital board, caused by the resignation of Mrs. H. U. Bardwell and Mrs. J. M. Batcher, have been filled by appointment of Mayor W. B. Brinton, who placed Miss Ruth Smith and Miss Lucille Reynolds in the positions. Both of the young ladies are very capable and are well qualified to carry along the excellent work done by their predecessors.

CHRISTIANS ARE MASSACRED.

Paris, Nov. 9.—Special to Telegraph—Serious disorders are reported in Constantinople where the Kurd soldiers have started to massacre Christians in the Galata quarter. Several buildings are on fire. The banks and foreign embassies are being guarded by loyal Turk troops.

SCARLET FEVER WARNING ISSUED

DR. OWENS ISSUES DIRECTIONS FOR PREVENTION AND AVOIDING DISEASE.

ONE CASE IN SOUTH DIXON

Says There Will Be No Epidemic if Proper Care Is Taken—Every Precaution Must Be Taken, However, and Exposed or Indisposed Pupils Must Stay Home.

To the Patrons of the South Side schools:

A case of scarlet fever having appeared on the south side, the school board wishes to state publicly the position it proposes to take.

The corps of teachers have been instructed to inspect all pupils constantly. Any pupils indisposed will be required to remain at home until the period of incubation of scarlet fever has passed or the condition has been investigated by the committee of physicians appointed by the city council. A certificate from the family physician will not be accepted unless it is O. K'd by this committee. This is not intended to be, and I trust will not be looked upon as reflecting upon the ability of any physician in Dixon, but to centralize authority, and place the responsibility where it rightfully belongs. Any child closely associated with a suspect or actual case will be required to remain away until given a clean bill of health by the committee.

This may be an individual hardship, but its rigid enforcement is the only way an epidemic can be prevented.

The writer has already been called "upon the carpet" by a patron of the school demanding by what authority her child had been sent home. The authority was had directly from Dr. Crawford of the State Board of Health. He specifically stated that we were warranted in excluding pupils on suspicion and that the state is more than willing to uphold any board in enforcing such rules where any contagious disease prevails.

Any breaking of quarantine regulations will be prosecuted and the maximum penalty will be insisted upon.

The co-operation of every patron of the school is desired.

The members of the board are asking no more of others than they themselves expect to receive and abide by.

If we will all work together, our schools will remain open and there will be no question of stamping out the present small blaze, while neglect and attempting to secrete possible cases may seriously endanger the future health and possibly the lives of many of our children.

Respectfully, E. B. OWENS.

BAILEY STARTS BIBLE CLASS

BIBLE LESSONS, LUNCHEONS AND DEBATES THIS WINTER.

A young men's Bible class, which proved most popular last winter, will be organized at the Y. M. C. A. tomorrow afternoon and the indications are for a large enrollment. Secretary Bailey will resume the course of Bible lessons which were started last season and will also inaugurate religious debates. Lunches will be served each afternoon the class meets.

ESPY'S WINTER IN SOUTH.

Friends of Mr. and Mrs. R. H. Espy, who left Dixon early in the fall for a trip down the Mississippi river in their houseboat, have just received word from them to the effect that they have reached New Orleans, the trip being made without mishap and that they will spend the winter in the city of the Mardi Gras. According to letters from the family Mr. Espy has secured an excellent position as carpenter there, and Nate Morrill, who accompanied them on the trip, is also working in that city.

DEMOCRATS MAKE BIDS FOR P.O. JOBS

AMBOY MAN IS CIRCULATING A PETITION FOR POSTOFFICE IN THAT CITY.

DIXON MEN ARE MENTIONED

Terms Do Not Run Out for Some Time, But Several Candidates Are Making Still Hunts for Plum.

Petitions were circulated in Dixon today in behalf of Mayor John P. Harvey of Amboy who, it is said, is seeking to be made postmaster of that city. Mr. Harvey is a prominent democrat and has the support of many. It is said that his chances are very good, although there are said to be others who are after the job, among them being Charles Rabbit, who was the defeated candidate for circuit clerk on the democratic ticket. The term of Editor Lyman of Amboy will not expire until a year from next April.

After Dixon Office.

There will be considerable scramble for the Dixon postoffice also at the expiration of Mr. Frye's term, which is a year from next February. If all of the democrats whose names are mentioned become candidates.

Some of those mentioned for the position, which pays nearly \$3,000 a year, are Wm. Tague, secretary of the democratic county central committee; Charles Duis, Gus Moeller, Charles Slain, James Devine, Wm. Steel, Frank Stevens, Blake Grover, A. E. Simonson, Mayor Brinton and Bradford Brinton.

As the congressman from this district is republican, the representative, John Devine, will have much to say regarding who shall get the Lee county jobs. If J. Hamilton Lew is of Chicago is sent to the U. S. senate, he too, will have a voice in the matter and the state committeeman, Mayor Dittmar of Freeport, will also be a factor in the fight.

In Ashton.

It is reported that J. A. Roesler has been mentioned for the Ashton postoffice to succeed Postmaster Chadwick.

COUNTY OFFICIALS RAN AHEAD OF TICKET

EDWARDS, McMAHAN AND NEIGHBOUR RAN HUNDREDS OF VOTES AHEAD OF TAFT.

Students of election figures are busy analyzing, as far as possible, the Lee county vote Tuesday, and they point out that Circuit Clerk McMahon and States Attorney Edwards ran much stronger than the head of their ticket, while their opponents in the other two parties fell far short of the vote polled by their candidates for the presidency which speaks volumes for the popularity of the two officials and which is a recognition of their ability. Mr. Taft polled but 1482 votes in the county, while McMahon's total is 2381 and Mr. Edwards' is 2683. Thus it will be seen that Mr. McMahon received 889 more votes than did President Taft while States Attorney Edwards ran ahead of the ticket 1261 votes.

C. PLEIN BUYS STERLING STABLE

DIXONITE HAS PURCHASED THE KARL SMITH LIVERY STABLE.

The following item is clipped from the Sterling Gazette: Charles Plein of Dixon has purchased Karl Smith's livery stable on Locust street, taking possession Monday. The purchase price is not given. Mr. Plein will restock the stable immediately and will conduct a first class stable in every respect.

There is also a rumor, denied by Mr. Plein, that the building is to be remodelled into an opera house or a vaudeville theatre.

I. N. U. DOES BIG THINGS FOR DIXON

ARE SPENDING TEN THOUSAND DOLLARS JUST ON OLD STEWART PRESS BUILDING.

WORK ON S. D. & E. COST MUCH

Reballasting Roadbed and Equipping Cars Is Expensive—Company to Erect Two More Buildings Here Within a Year.

While the Illinois Northern Utilities company has already done many things for Dixon, many other and greater things will be done as soon as the operating organization of the company can be perfected. Such is the statement of one of the prominent officials of the company, who in conversation with a representative of the Telegraph told of the magnitude of the company and the great extent of the territory which it covers.

It was pointed out to the newspaper man that the repairs and remodeling of the old Stewart Press building on River street, which the company will use as a central store house, is costing the company in the neighborhood of \$10,000, and that the new electric lines, reballasting of the roadbed of the S. D. & E., all of which work is now in progress, is costing thousands of dollars.

New Buildings

In addition the company will construct at least two large new buildings here within a year, one to replace the old power station on River street and the other to house the big central steam plant which will supply "juice" for all of the company's properties in northern Illinois, in case of trouble with the water powers. It is understood that the blueprints and plans for both of these buildings have been finished and have been approved by the head officers and that work will be started in a short time.

However, the rehabilitation of the power station on the river will not be started until the big steam plant is completed and in operation, as it will be necessary to have the new plant running to supply power for company's patrons while the old station is being rebuilt.

SCALDING WATER BURNS FEET

ANNA SEIMENS BADLY SCALDED WHEN TEAKETTLE WAS OVERTURNED.

Miss Anna Siemens, a domestic employed at the of E. N. Howell home, was very painfully scalded last evening when a teakettle full of boiling water was accidentally overturned, the scalding water being thrown over her feet. The upper part of both feet were badly scalded and the young lady suffered intensely from the burns. As soon as her injuries were attended to by a physician she was taken to the home of Fred Embody, 622 Second street, where this morning it was reported she was resting easily.

MRS. ELLEN SCOTT DIES

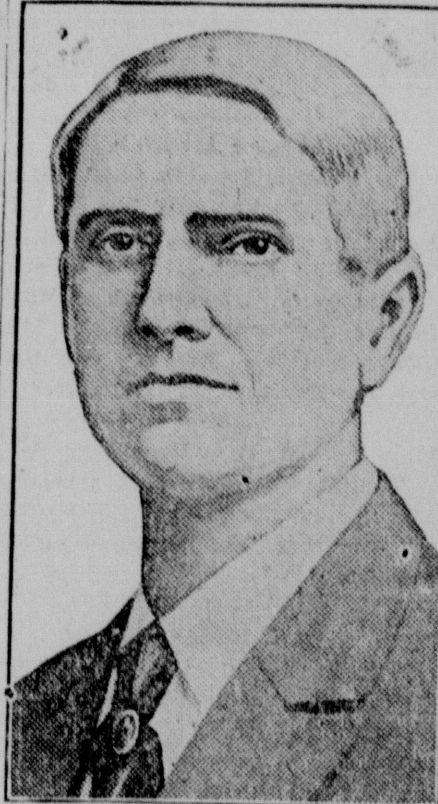

FORMER DIXON WOMAN PASSED AWAY—FUNERAL WILL BE HELD IN AMBOY.

Word reached Dixon this morning of the death of Mrs. Ellen Scott, formerly of this city, which took place yesterday at the home of her son in Chicago. According to the message received by her son Leon of Dixon, the remains will be taken to Amboy this evening for burial.

ARMORY WORK PROGRESSES.

The brick work of the new Downing building on First street has been carried to the roof line and carpenters are now placing the big timbers for the truss roof, which will make the dance hall free of all obstructions. Mr. Downing is planning to make this hall the best in this part of the state, equipping the orchestra stand with a "shell sounding board" and providing ante rooms of sufficient size and numbers to meet all needs.

WOODBIDGE N. FERRIS

Woodbridge N. Ferris is a former Dixonite who has risen to fame and honor. He was an instructor in Dixon and many Dixonites who are now in business here went to school to him when they were boys.

Mr. Ferris has been elected Governor of Michigan on the Democratic ticket.

REMAINS OF MRS. GREY HAVE NOT ARRIVED

RELATIVES HERE AWAITING ARRIVAL OF BODY — MRS. GREY DIED SUNDAY NIGHT.

A. P. Plank of Jeromeville, Ohio, and Bert Harpster of Chicago, brother-in-law and nephew respectively of Mrs. J. L. Grey, who died at Fort Meyers, Fla., Sunday night, are here awaiting the arrival of the remains of the lady. According to messages they have received the body left Fort Meyers Tuesday morning, accompanied by the deceased's son, Wm. Downing, but thus far nothing has been heard from Mr. Downing, although he should have reached Dixon with the remains Friday morning. Mrs. Grey will be remembered by many Dixonites as Mrs. Anna Downing.

CONTEST AT THE FAIR TONIGHT

CONTEST BETWEEN PRIESTS TO BE DECIDED—FAIR TO LAST UNTIL TUESDAY NIGHT.

The contest between Father Foley and Father Donahue will take place at the fair tonight and all contest books must be turned in this evening.

The management of the Catholic fair also announces that the time of the fair has been extended to next Tuesday night. The extraordinary success that has attended the session of the annual event is the reason for the extension of time.

OLD DIXONITE WITH I. N. U.

E. D. Alexander, assistant to Vice President Baker of the Illinois Northern Utilities company, was in Dixon Friday inspecting the local properties of the company, and incidentally renewing old acquaintances with his Dixon friends, for Mr. Alexander is a former Dixon man and was remembered by many of the older residents of the city. Since leaving Dixon he has progressed rapidly in the electrical world and today is one of the more important officials of the Illinois Northern Utilities company, inasmuch as he is assistant to the one in direct charge of the operation of all of the company's properties. He expressed himself yesterday as being glad to be able to get back to this city occasionally and promised himself the pleasure of stopping in Dixon whenever he is in this vicinity. He returned to Chicago last evening.

I. N. U. BUYS TRUCK.

The I. N. U. has purchased a big electric motor truck, which they will use to do their hauling, of which there is a great deal in Dixon. The company also intends to equip a big clearing station for the clearing of electric vehicles. Up to date there has been no such station here and it is probably for this reason that there are no electric vehicles in Dixon.

BULGARS BOMBARD TURK'S CAPITAL

Constantinople Under Siege—City Burning and Falling Into Ruins.

OTTOMEN SLAYING CHRISTIANS

Two U. S. Battleships Ordered to Doomed Turkish Metropolis—British Correspondent Describes Terrible Atrocities.

Athens, Nov. 9.—The Greek army, commanded by Crown Prince Constantine, occupied Salonika, the Turkish stronghold in southwestern Turkey in Europe, at noon.

London, Nov. 9.—It is reported that the Turks have opened informal negotiations for the surrender of Constantinople. The Turkish line of defense at Tchatalja has been broken in several places and the Turkish outpost captured.

New York, Nov. 9.—"The Bulgarians are now bombarding Constantinople. The city is burning and fast falling into ruins. The Turks are massacring the Christians."

The foregoing startling report was received by Arshag D. Mahdesian, editor of the Magazine Armenia. The cablegram was in secret cipher from a friend of the editor in Constantinople. Mr. Mahdesian said he could not figure out at what time the message had been filed. He said that three weeks ago he had made arrangements with an Armenian friend in the Turkish capital to flash to him in a special secret cipher the news of the culmination of the Bulgarian siege of Constantinople the instant it occurred.

U. S. Warships to Constantinople. Washington, Nov. 9.—The United States has identified itself with the Balkan situation and perhaps the final settlement of the Turkish question by ordering two of its most powerful armored cruisers, the Tennessee and the Montana, from League Island to Constantinople.

It is probable that one of the cruisers will go to Constantinople and the other to Beirut, where there is a very large share of American civic and educational interests.

Admiral Knight in Command. Admiral Knight has been placed in command of the squadron for Turkish waters. This indicates to some here that the Montana and Tennessee are to be reinforced. As it is each of these vessels carries about 1,000 sailors and 60 marines.

The warships are to be equipped speedily with crews from the battleships near at hand and are to sail within forty-eight hours. It is expected they will coal at Malta and reach the eastern Mediterranean in about fourteen days.

Scribe Tells of Horrors. London, Nov. 9.—Appealing to this paper to "bring home to the government and the people the fact that terrible atrocities are being perpetrated daily by men in uniform calling themselves Turkish soldiers," the correspondent of the Daily Telegraph cables from Spira, headquarters of the Greek army:

"Such influence as Great Britain possesses should be brought to bear on the British government in order to bring about immediate opposition of the horrible atrocities of the mildest details which you would hardly care to print.

Women and Children Victims. "Tortured women and mutilated children can be seen in Arta. I have seen them and spoken to them and I have read with appalling horror what lies beyond their eyes. Even as I write a general staff officer has come in with the news that 20 more villages have been sacked and burned and their population subjected to tortures and rapine.

"If Christian Europe gives this land back into Turkish hands it will be an act of barbarity and a disgrace to Christendom. No words of mine can paint the horrors that are daily tiding. I beg you so to put the facts before the people of Great Britain that under no circumstances will this sorely tortured land be given back to those who are now rendering it a hell upon earth."

Ferdinand to Be Emperor.

Vienna, Nov. 9.—It is confirmed by the Minister, the Bulgarian official organ, that after the capture of Constantinople King Ferdinand will proclaim himself emperor and will assume the title of Simeon II. He will also adopt the orthodox faith.

King Peter, on the same occasion, will take the title of king of all the Serbs. King George will be king of all the Hellenes and King Nicholas will call himself king of Montenegro and Albania.

I. N. U. OFFICIALS HERE.

A. E. Alexander, assistant vice president of the I. N. U. company, and George W. Jones, purchasing agent for the company, were here yesterday.

Over-Gerdes.

The marriage of Miss Mary Over, daughter of Mr. and Mrs. O. A. Over of South Dixon, and Henry Gerdes of near Sterling took place Sunday afternoon at Morrison.

Mr. and Mrs. Gerdes have returned to this city and are receiving the congratulations of their friends at the home of the bride's parents. The friends of the young couple have been expecting the wedding, but they surprised them by going to Morrison.

Mr. and Mrs. Gerdes will go to housekeeping on a farm near Sterling the fore part of December.

EVERY ONE HAS HIS PECuliarities. RESTORING HEALTH SANELY, IS OURS.

That fits our talk 'cause well balanced minds, active brains and vigorous bodies are not so numerous. If you think they are, let me suggest that you first look

yourself over. To begin with, have you the mental poise and efficiency your work demands of you? ANALYZE YOURSELF.

Is your brain clear and strong? Can you think and act quickly and to the point? Can you do your work with ease and pleasure to yourself?

The AYDELOTTE Idea of Life and Health teaches that these powers are possible. Further, they are, positively, your right to enjoy. I help you to help yourself, now, today.

DR. W. F. AYDELOTTE, Neurologist and Health Instructor, 223 Crawford Ave., Dixon.

Birthday Party.

Thursday afternoon Mrs. Blanche Chapman of 227 West Chamberlain street was hostess to forty friends who gathered to help her celebrate her birthday anniversary.

A delightful afternoon was enjoyed and Mrs. Lee Read rendered several musical selections which were much enjoyed. In the course of the afternoon Mrs. Chapman was presented with a beautiful W. R. C. pin, which was presented by Mrs. Lee Read, who recited an original poem composed for the occasion. Appetizing refreshments were served and the guests departed wishing the hostess many happy returns of the day.

Phidian Art Club.

The Phidian Art club will be entertained at the home of Mrs. H. U. Bardwell, 612 East Second street, on Tuesday afternoon.

A paper on "The Growth of Music in England" will be given by Mrs. Dodge and Mrs. Knight will read one on "Romney and Lawrence."

W. R. C. Meets

The W. R. C. will hold a regular meeting on Monday at 2:30 o'clock. All members are requested to be present.

S. S. Bridge Club.

The South Side Bridge club met Friday afternoon with Miss Mayme Wright.

Surprise Party.

Twenty friends surprised Mrs. Sophia Seifkin of East Boyd street on Wednesday evening. The guests called the pleasant affair a farewell party as Mrs. Seifkin with her daughter, Mrs. Chas. Bremer, will soon move to a residence on the Franklin Grove road. A delicious scramble supper was served and the friends gave Mrs. Seifkin a handsome brooch. At a late hour the company dispersed, after having spent a very happy evening.

Boys' Club Meets.

The Presbyterian Boys' club, under the direction and supervision of Dr. Crissman, held its November meeting in the church last night. A sumptuous supper was served at 5:30 to the boys, by the ladies of the church. The business of the club was transacted afterward, when the president, Philip Raymond, presided. The topic for discussion was "Choices." It was decided to have the December meeting in the form of a tiff pull at which time each member has the privilege of inviting a guest. It will be held the first Friday evening of December at 7 o'clock. The topic for discussion will be "Temperance."

Guests at Brown Home.

Carl Brown and Dr. Ralph Brown of Chicago will be guests Sunday at the home of Mr. and Mrs. O. H. Brown, North Galena avenue.

Scramble Supper.

The young lady employees of the Leader millinery store enjoyed a scramble supper Thursday evening at the home of Mrs. Royce Hess on Ottawa avenue. The event was in honor of Miss Myrtle Shaver, who leaves soon for her home in Brookville, Miss. A very happy evening was spent by all present and all regret to have Miss Shaver leave.

G. R. C. Met.

The members of the G. R. C. of the North Side Evangelical church were delightfully entertained at the home of Miss Gertrude Heckman last evening, twelve members responding to the invitation. A social evening was spent in dainty needlework and the hostess served delicious light refreshments.

Birthday Surprise.

Mrs. Jesse Huggins was the victim of a very pleasant surprise at her home last evening, the occasion being her birthday anniversary. Nearly fifty friends formed the party and the hostess received many very pretty remembrances of the occasion.

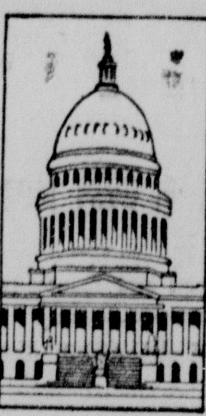

Mrs. George Hanna planned the surprise.

PLAN BIG PEACE ARCH

SPAN WOULD CONNECT STATUES OF GRANT AND LEE.

Each and Every State of the Union Would Be Invited, Through Its Governor, to Furnish Material for the Structure.

A Lincoln memorial peace arch to span Pennsylvania avenue at First street Northwest, directly in front of the Peace monument, and to connect the base of the Grant statue at the east end of the Botanic gardens with one to be erected to Gen. Robert E. Lee at the northwest corner of Pennsylvania avenue and First street, is proposed in a bill introduced recently by Representative Pou of North Carolina. One million dollars is appropriated in the bill for the Lincoln arch and \$250,000 for the Grant statue.

It is proposed that material for the building of the arch shall be furnished by the different states of the Union. The bill, in part, follows:

"That the sum of \$250,000 is appropriated to be expended in the erection of a statue to the memory of Gen. Robert E. Lee of the state of Virginia. That said statue shall be situated on Pennsylvania avenue in the city of Washington, immediately opposite the statue now in process of erection to President Grant.

"That the sum of \$1,000,000 is hereby appropriated in the erection of an arch over Pennsylvania avenue, connecting the base of the statue of President Grant with the base of the statue of Gen. Robert E. Lee, which arch shall be known as the Lincoln Peace Memorial arch, and which shall be built in honor of the memory of that martyred president.

"That the secretary of war, Gen. Bennett H. Young, commander-in-chief of the United Confederate Veterans, and Gen. Harvey M. Trimble, commander-in-chief of the Grand Army of the Republic, are hereby constituted a commission with full authority to acquire by purchase or condemnation proceedings a site on Pennsylvania avenue for the erection of the statue of Gen. Robert E. Lee, and also with full power to provide for the erection of the same and the aforesaid Lincoln Peace Memorial arch. Any vacancy in said commission shall be filled by his successor in the office or position now held, and the members of said commission, except the secretary of war, shall each be paid the sum of \$2,000 for services. In addition, each member shall be paid his necessary expenses.

"Each and every state in the Union shall be invited, through its governor, to furnish material to be used in the building of said arch, which shall bear such inscription as may be unanimously agreed upon by the members of the commission.

"Said commission is authorized and empowered to secure plans of the proposed statue and arch from American artists, and to pay therefor such sum as in the judgment of the commission is just and proper."

HOW GIRLS MAY AVOID PERIODIC PAINS

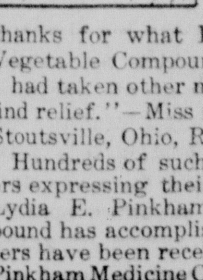

The Experience of Two Girls Here Related For The Benefit of Others.

Rochester, N. Y.—"I have a daughter 13 years old who has always been very healthy until recently when she complained of dizziness and cramps every month, so bad that I would have to keep her home from school and put her to bed to get relief.

"After giving her only two bottles of Lydia E. Pinkham's Vegetable Compound she is now enjoying the best of health. I cannot praise your Compound too highly. I want every good mother to read what your medicine has done for my child."—Mrs. RICHARD N. DUNHAM, 311 Exchange St., Rochester, N. Y.

Stoutsville, Ohio—"I suffered from headaches, backache and was very irregular. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and before I had taken the whole of two bottles I found relief. I am only sixteen years old, but I have better health than for two or three years. I cannot express my thanks for what Lydia E. Pinkham's Vegetable Compound has done for me. I had taken other medicines but did not find relief."—Miss CORA B. FOSNAUGH, Stoutsville, Ohio, R.F.D., No. 1.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for their daughters have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Don't be skeptical. Just because other treatments have failed is no reason why you should be discouraged over your poor, sore and painful feet.

Money back; if after trying EZO, the soothing, healing, refined ointment, your foot troubles do not vanish. That's an honest offer and it means ALL foot misery, for it takes the agony from Corns, Callouses and Bunions so quickly that users are joyfully astonished.

Nothing better for chapped hands and face, rough skin, chilblains and frost bites. Rowland Bros. guarantee EZO—only 25 cents at druggists. Ask for EZO FOR THE FEET.

ADDS A RICH COLLECTION

United States National Museum Receives Valuable Ganevoort Donation of War Relics.

The United States National museum has lately added a rich collection of souvenirs through donation of a valuable series of uniforms, swards, relics and other objects relating to Brig. Gen. Peter Ganevoort, Jr., his son and grandson. The objects of primary interest are the ones pertaining to General Ganevoort himself, who served in the revolutionary war. He was born in Albany, N. Y., July 17, 1749, and died there on July 2, 1812, at the age of sixty-three years.

The two uniforms—one of the revolution and one of the 1810-1812 period—attract more attention than anything else. The revolutionary one is the only uniform of the time in the museum collection except that of General Washington.

In the collection is a sword of this period, belonging to General Ganevoort, decorated with the arms of Great Britain, and is undoubtedly of an old design. There is also a folding mahogany camp cot used by the general.

The other uniform, which represents the period of 1810-1812, is quite complete and in excellent condition. It is made of a dark blue cloth, lined with buff flannel, having deep cuffs and a high collar, with broad lapels buttoning back to the coat, trimmed with gold braid and brass buttons inscribed with an eagle surrounded by seventeen stars. Accompanying this uniform is a chapeau de bras of dark blue cloth, cut in a half-moon shape, a design of military hat adopted from the French, decorated with a black rosette, displaying the arms of the United States in gold and trimmed with gold braid.

"GYM" FOR WOMEN IS URGED

Supervisor of Capital City Playgrounds Strongly in Favor of the Movement.

The movement for the establishment of a gymnasium and swimming pool in the central portion of Washington for the use of women is receiving the approval of persons of prominence on every side.

Edgar S. Martin, supervisor of playgrounds, expressed himself as heartily in favor of the project. He agrees with the commissioners, however, that the proposition cannot be made a reality until congress becomes far more generous than it is at present.

"The plan is an excellent one," said Mr. Martin. "The need for such a gymnasium and swimming pool is obvious. At present but few women have the advantage of physical training. If we had more gymnastics we would in all probability have a stronger race of women."

ROYAL BAKING POWDER

Adds Healthful Qualities to the Food

Prof. Prescott, of the University of Michigan, explains why Royal Baking Powder adds healthful qualities to the food.

Testifying before the Pure Food Committee of Congress, the Professor stated that fruit acids were excellent articles of food and that of these cream of tartar, the acid of grapes, held rank with the highest both in itself and its effect in the process of leavening and baking. He regarded the results from cream of tartar baking powder as favorable to health. Scientists and hygienists are in accord with this opinion.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar.

COLLEGE NOTES

Miss Ethel Hamilton has recently
entered for a course in art.

Mr. Bailey, secretary of the Y. M. C. A., was with us Friday of last week and spoke to the student body along the line of success. The student should have in mind what he wishes to prepare for in life; 42 per cent of those who find their way into college do not make up their minds as to what course to take or what work to prepare for in life. Would never place football among the regular sites. The theatrical line is the lowest calling and it is simply a parrot's job—telling what someone else has said. The only way to succeed in this world is for one to hit that line or calling for which God intended him. The three fundamental things for the student to consider are, 1st, to study the field; 2nd, to prepare for the right channel; 3rd, go out after he has made the proper and necessary preparation and hit the goal. Hope Mr. Bailey may come often.

Rev. Whitcombe led chapel exercises Tuesday. His thought being suggested mainly in Sermon on the Mount from the gospel of St. Matthew. Christ gave in this sermon His plan of teaching. In contrast to this was the Mosaic law and teaching with its thundering and lightning, etc. while that of Christ was peaceful, soothing optimistic, etc. It was necessary however, for God to forbid us from doing certain things through the Ten Commandments. "Blessed are the poor in spirit for theirs is the Kingdom of Heaven."

Rev. Crissman also favored us with a call on Friday morning of this week, and gave us an interesting talk on "The Students Aim." He read as a basis for his remarks, 11 verses of the 20th chapter of Exodus. Every true student must have an aim; every true student will seek the truth. There is something more to be considered than the mere getting of marks, etc. The Doctor is a seeker after truth, also the lawyer the business man. The student should strive to cultivate his spiritual, social, intellectual nature. To try to make the most of one's self should be the aim of every student. He should have diligence, punctuality, economy, enthusiasm and should aim above all to make character.

Our football team plays St. Ambrose college at Davenport today. Team is in better shape than at any time this year. Students look for another victory and hope for a clean sweep of schedule. Gorham looks even better than in 1910. Capt. Kenner and Hansen are not in the best of shape. Kemp is laid up with a wrenched knee and Hansen has a weak ankle. No shifts have been made in the lineup. The team expects to return on Sunday. Returns of today's game will be given at E.H.'s. Coach Fingle is confident of victory. Speed and tricks expected to cap the 3rd game of the season. The Iowa team has planned to give our team a hearty reception with a dance and banquet after the game.

FALLSTROM HAS FINE DISPLAY.

One of the prettiest things we have seen in a long time is a big yellow chrysanthemum which C. H. Fallstrom, the florist, brought over and presented to the office. The flower is a perfect one and is of a comparatively new species called the Major Bannoffen. It is grown in a local greenhouse and is a credit to its grower. The interior and window at the Flower Shop present a beautiful mass of color and is worth coming a long way just to look at. Mr. Fallstrom has many other new and odd varieties of the flowers. The Flower Shop is a credit to Dixon for it is more up-to-date and shows more enterprise than stores in many larger cities.

BIG CORN CROP
TAXES RAILROADSNovember Report by U. S. Experts Show All Records
Were Broken.

OTHER GRAINS SHOW INCREASE

Wheat, Oats, Barley and Rye Show
Strong Advance in Quantity—Potatoes Show a Heavy Production With Prices Even.

Chicago, Nov. 9.—The November report of the department of agriculture sets a new record with a corn crop of 3,169,137,000 bushels, or 153,600,000 bushels more than the high estimates of a month ago, and 637,649,000 bushels over the short crop of last year. The bumper crop of 2,927,000,000 bushels in 1906 is exceeded by 242,000,000 bushels.

An aggregate crop of 5,556,683,000 bushels, a gain of 1,298,200,000 bushels, or 30 per cent, over that of 1911. Is the showing of the five leading grains as officially reported by the department of agriculture, and is larger than any other year, exceeding the immense yields of 1910 by 755,600,000 bushels, or almost 11 per cent.

Table Shows Increase.
Crops of United States for the year and increase over 1911, as revised to November 1, follows:

Crop.	Bushels.	Increase over 1911.
Corn	3,169,137,000	637,649,000
All wheat...	720,333,000	98,395,000
Oats	1,417,172,000	404,847,000
Barley	224,619,000	64,379,000
Rye	35,422,000	2,303,000

Total 5,556,683,000 1,298,200,000
 Potatoes 414,289,000 121,552,000
 Hay, tons.... 72,425,000 17,509,000

With the big crops there has been increased confidence in the manufacturing and mercantile lines; railroads have been crowded with traffic to an extent where there is a net shortage of over 30,000 cars, the volume of traffic being restricted only by the ability of the roads to furnish cars and motive power. In the last four months railroads have hauled 371,000,000 bushels of grain to primary markets, an increase of 113,000,000 bushels over the same time last year and of 97,000,000 bushels as compared with 1910.

October Breaks Record.
Never in the history of railroading have so many loaded cars been moved as during the month of October; and on the Burlington alone there were ailed 179,000 loaded cars, or 18,000 cars more than their record, made in 1910. The Chicago & Northwestern railroad moved 210,000 cars, which is also a new record. Traffic officials say that had they the empty cars they could handle ten to twenty-five per cent more business. This is in the face of the fact that they have more cars in use than in any previous year, and are constantly increasing their supply.

Ocean freight rates have not been so high in more than a quarter of a century. Railroad earnings have increased materially and their operating expenses also are larger than last year. They are handling an immense business with more satisfaction to shippers. There is general complaint of a scarcity of competent help among railroads and manufacturers.

Increase in Potatoes.
An aggregate value of \$4,125,717,000 is given for the grain, potato and hay crops this year by the department of agriculture, an increase of \$725,000,000 over last year, when the crops were short and prices were high. Notwithstanding the decrease in prices this year as compared with a year ago, the immense yield has more than offset the loss in prices. Wheat values are eight cents lower than a year ago, corn is six cents a bushel lower, potatoes are 31 cents a bushel lower and the price of hay is nearly three dollars a ton lower. The corn crop alone is valued at \$1,851,000,000 and of hay \$855,000,000.

What "Bischof
Man Tailored" Means

Only the best, the most serviceable as well as the most fashionable materials are used in Bischof garments. Every yard of the cloth is thoroughly shrunk. Every operation in the making is performed by experts who have been at that particular part of the work for years. And the garments are fitted on live models. This perfect tailoring of properly shrunk cloth is what gives Bischof

garments their graceful lines, makes them fit as they do; hold their shape. This label is the official seal, as it were, of the garment into which it is sewn. It means that the designer's idea for which he studies the fashion centers of the world is carried out correctly in every seam, in every line. It is the final stamp of perfection in every detail.

SMALL TOWN ADVERTISING

An unusual feature of the meeting of the Western Iowa Editorial Association at Council Bluffs recently was an address on the subject of advertising from a viewpoint of the retail merchant by David Oransky, a well known merchant and advertiser of Atlantic, Ia. Mr. Oransky spoke on "Retail Advertising from the Viewpoint of the Merchant" and he declared that the merchant should advertise the quality and adaptability of his goods, rather than depend on advertising prices. He spoke in part as follows:

"It is a sad but too true fact that country merchants are not extensive

advertisers. I am convinced that they should advertise regularly and persistently. I believe so, not only because some people who are supposed to know say so, but also because my actual experience in connection with retail advertising in a small town has demonstrated to me the far reaching reaching benefits, both direct and indirect, to be derived from persistent advertising."

LIGHT ETERNAL IS A WONDERFUL DRAMA

RACINE PAPER PRAISES THE PRODUCTION WHICH WILL COME HERE.

DEVOTIONAL PLAY OF EARLY ROME

No Poor Characters in the Company and Stage Settings Are Beautiful—Play Far Above the Ordinary.

(From Racine Journal-News)

"The Light Eternal," produced for the first time at Racine theatre last night, continuing through to Saturday evening with matinees, is one of the best productions ever seen here. Those who braved the disagreeable elements to witness the play, were well repaid for their efforts. It is a devotional drama of early Rome by Martin V. Merle and the cast of characters embraces dramatic talent of the highest character, in fact no better could be desired by the most careful critic.

The scenery and costumes are very attractive and elaborate.

Those people who are in the habit of making sweeping denunciations of the theatre and stage in general will change their views after witnessing The Light Eternal, for the play presents a fundamental lesson in a most impressive manner.

Aptly the program describes the play as a devotional drama. The scene is laid in Rome in the fourth century, the scene being the martyrdom of the early Christians, typified in the specific instance of a young soldier and his loved one, a princess royal. The plot reveals the struggle between the love of God and love of woman; between duty and desire and contrasts the cruel, debased and beastial nature of the pagans with the calm, secure, steadfast nobleness of the worshippers of one God.

In every way the story is told with a stateliness and solemnity befitting the subject, and while sombre in the extreme and lightened by no flash of light or humor, the play never for a moment loses interest. There is no question but that in its literary construction and dramatic properties it is perfect, while the scenic effects are exceedingly strong.

There are no poor characters in the company and they all carry the difficult roles with earnestness and convincingness that are admirable. And there is nothing overlooked and even the minor parts are exceptionally good.

Louise Dunbar is the leading feminine role, the Princess Artemia, daughter of Diocletian, displayed ability marking her both an emotional and dramatic artist that would bring forth favorable comment from 99 out of 100 people.

John Milton as Marco Valerius the martyr's son, filled the role splendidly and with great dignity.

Aaron W. Honey, taking the role of Cornivius Tharagus, the perfect son, won admiration for his ability. James Nelson, Diocletian, emperor of Rome, made the character one of prominence; Earl C. Rexford, in fact all others did equally well.

The audience last evening was delighted with the production and for the rest of the week there should be capacity houses.

High School Lecture.

The lecture which was given last night at the high school by R. Dudley was a success. Mr. Dudley's lecture was well appreciated by all who attended. The new lantern worked nicely and it showed the pictures clearly. They also appreciated the colored slides which were shown during his lecture.

Basketball.

Basketball this year is thought to be a success. Many students are trying out for the team. There have been two nights of practice so far in the gym. The north side is also practicing at the Y. M. C. A. gym every night.

Sophomores Awake.

At the first meeting of the Sophomore class this week they finally decided upon some sort of amusement. They decided upon going out to Miss Gooch's house in wagonettes to spend the evening.

Visitors at School.

Harold Espy, an old member of the high school, visited the school Tuesday afternoon.

The appearance of Harold Woodruff at school Tuesday morning was welcomed by all the students.

No Meeting of Literary Societies.

There was no meeting of the literary societies Friday on account of the quarterly exams.

The Strain Is Over.

Every one at school is glad that the quarterly exams are over. Now they can rest until the semester ends.

Miss Henderson, the English instructor, will spend Saturday and Sunday at her home in Chicago.

MANY QUEER INVENTIONS

Uncle Sam's Patent Office Is Working Overtime on Some Unheard-of Novelties.

Uncle Sam's idea factory (otherwise known as the patent office) is working overtime. Its output has never been so great as at present, and some of the novelties it is turning out in the way of brain products are both valuable and interesting.

Take, for example, the "bubble hat," which is so new that it has not yet had a chance to become fashionable. In the top of this article of feminine headgear (which may be made of any pattern that is most becoming) is placed a cup-shaped receptacle partially filled with a soap and water solution—the very stuff, in fact, for making soap bubbles.

The cup is connected by a concealed rubber tube with a little metal cylinder which is conveniently hidden in some part of the dress. The cylinder contains hydrogen gas under pressure. A push with the thumb on a piston opens a valve and allows some of the gas to escape through the tube, with the result that a soap bubble forms in the cup and rises into the air.

Of a much more extended usefulness, however, are the "artificial eye-ashes" which a lady of Ottawa has recently patented in this country.

An Ohio man is the originator of the rubber warship. He thinks that our fighting vessels would be much more efficient if they were built of rubber instead of steel. Just imagine. The new battleship Caoutchouc comes upon an enemy in midocean. The latter at once opens fire at short range. The first shot misses; the second strikes the Caoutchouc squarely amidships, and, bounding back, carries away the dastard foe's smoke stack, the cook's galley and all the captain's official bric-a-brac.

Many more just as queer could be named.

Buy your winter suit or coat before Thanksgiving

Then you will double the pleasure of the day.

Thanksgiving has become one of the great holidays of the year, and the desire to be well-dressed on that occasion is certainly pardonable.

The family reunion---out-of-town trip---theatre party, or any other form of celebration you prefer, will call for something stylish and becoming to wear.

In Wooltex the well-dressed woman receives the means of appearing at her best on all occasions---and with moderate outlay.

COST OF KEEPING HORSES

The cost of keeping the average farm horse in the State of Minnesota is approximately \$85 a year, says a contributor to Farm Journal. This includes such items as feed, shelter, labor in caring for the horse, depreciation in value, shoeing and all other expenses. It is also estimated that the length of time which each horse works during the day is a little less than four hours, for a yearly average, excluding Sundays and holidays.

Jacksonville, Nov. 9.—Mrs. Pansy Hastings Lesh, who told the police in Los Angeles that she killed two women with poison in Missouri, formerly lived in Jacksonville and is now an heiress. She was the daughter of Hiram N. Hastings, who married Cora Luttrell, daughter of J. M. Luttrell. When two years old she was taken by her mother to a relative's home to remain while the mother went to a party. That was the last ever seen of the mother. The daughter's whereabouts remained a mystery until she was six years old. She has been sought since last May, when Mr. Luttrell died and left a \$75,000 estate, of which Mrs. Lesh is heir to a part.

Man Dies Erecting Monument.

Nashville, Nov. 9.—H. F. Reuter, seventy years old, member of the Sixty-second Missouri regiment and an Andersonville prisoner, dropped dead while superintending the erection of a monument in the Odd Fellows' cemetery. Mr. Reuter was county clerk of Washington county for seven consecutive terms, or twenty-eight years. He leaves two sons, Dr. J. F. Reuter and Post Office Inspector Fred Reuter of St. Louis, and a daughter, Mrs. Elmer Ayers; also two brothers, T. L. Reuter, commander of the Nashville G. A. R. post, and Rev. William Reuter of Oregon.

FLOWERS ARE BEAUTIFUL.

N. H. Long has on exhibition at his flower shop on Galena avenue hundreds of beautiful chrysanthemums, the display being one of the largest of the season thus far. There are many handsome varieties in the display, the most unique being a "Devil Catcher," which is a purple mum with golden tips, and a cream blossom, both of which are new varieties.

Attorney C. F. Preston of Pawpaw transacted professional business here, to day.

John Batchelder Jr. is out from Chicago for an over Sunday visit with friends.

Dramatic Roles

PRINCESS—CHICAGO.

"Bought and Paid For" Is an All-Winter Hit in Chicago.

"Bought and Paid For," which is now three weeks old at the Princess theatre of Chicago, has settled down for an all winter run at that playhouse. This splendid play by George Broadhurst has pleased the Chicago press and public to such an extent that a repetition of its run of 476 performances in New York City is absolutely certain. James O'Donnell Bennett, the dramatic critic of the Chicago Record Herald again expresses his approval of the piece in the following words:

"Important in theme, vigorous in treatment, rich in characterization, this play ought not to be missed by those who are willing to rally to the American dramatist when he deals sincerely and skillfully with vital aspects of life."

The Princess theatre has been made spick and span under the management of William A. Brady, who now controls its destinies, and is one of the most attractive playhouses in the city. The smoking room downstairs has been re-furnished, and now has all the atmosphere of an exclusive clubhouse where the men of the audience may discuss the play between the acts. Mr. Brady intends to erect in Boston a theatre patterned directly after the Princess.

Matinee performances of Bought and Paid For are given Thursdays and Saturdays. The Thursday matinee is proving more popular than the customary Wednesday afternoon performance ever was at the Princess, for there is little to conflict with feminine theatre parties on that day.

Bought and paid for is a play of husband and wife—one which according to one of the leading critics of the country, should be seen by all who are married and all who intend to be married. That includes practically everyone. It is admirably played by a cast which includes Frank Mills, Kathleen McDonnell, Helen Lackaye.

MAJESTIC—CHICAGO.

The Majestic theatre, Chicago, offers for the week of November 11th the strongest and most diversified bill of the season thus far. One of the headline features will be Louise Gunning, the charming light opera singer, who has been a successful star in many of the most brilliant productions of recent years and who purely as a singer, stands decidedly at the head of her class. She was recently star of Marcelle, and then the Balkan Princess, and demands for her services are so insistent that it required special inducements to lure her into vaudeville for a brief period. She will be heard in a number of brilliant songs eminently adapted to her voice and temperament. Billie Reeves, one of the most versatile of comedians, will appear with his company in a comedy pantomime, the subject of which is A Lesson in Temperance, or Too Full for Words. Mr. Reeves was the star feature of the Ziegfeld Follies for several years, and his simulation of the drunken dandy is confessedly a work of art.

The biggest musical sensation of the year will be presented on this bill under the name of the Raul Periera Sextette. It is expected that this will be a brilliant success since this celebrated Portuguese court violinist is one of the finest artists in Europe and is supported by a remarkable stringed sextette in popular and classical selections. The novelty of this act and its extremely artistic quality will make it appeal to the most exacting of music lovers.

Charlie Case, who has the reputation of being the funniest man on the stage, will be heard in his most convulsing talks about his father, in the course of which he hits off about every style of popular humor. An entire novelty will be the appearance of the Alpine Troupe in a remarkable double wire act which has never been seen in this country. Mrs. Louis James who supported her lamented husband for a long time as leading woman, will make her first appearance here in a triangular comedy called Holding a Husband which is said to be an exceptionally clever piece of work both in situation and dialogue.

THE GRAND OPERA HOUSE

George White and Minerva Coverdale, the Youngest of Dancers... Charming and bewitching Minerva Coverdale, who has not yet graduated out of her teens, is now in support of Raymond Hitchcock, in the musical play, The Red Widow, at Cohan's Grand opera house, Chicago. Minerva has been dancing since she learned to walk. When eight years old her mother placed her under the instruction of Professor Bendelli. Her age prevented her from accepting a regular theatrical engagement until the latter part of last season. Mr. White, a clever dancer, with a European dancing record, was in search of a dancing partner. He heard of Miss Coverdale, saw her work and a partnership was formed at once. Last summer they appeared at Hammerstein's and created a real genuine sensation. Managers rushed contracts before them with a salary almost equal to many bank presidents, and for a time the youngsters were almost bewildered. London managers sought their services and they signed a contract to appear at the Hippodrome in London for eight months. Cohan and Harris wanted them and stopped at nothing until they secured their services; it cost this firm \$5,000 to release them from their London contract. When dancing, they are likened to a sunbeam sprite as they respond to the swaying metrical melody of the music.

Minerva has an endowment of beauty and lithelessness exceptional in dancers whose muscular development almost invariably distorts the lines of the figure. Her escape to this fate is credited to her instinct of rhythm and natural grace which made the exhausting drills all dancers must undergo practically effortless for her. The same may be said of Mr. White, he skips and dances as gracefully as a thistle waving in the breeze.

CATS IN THE TOWER OF LONDON

By T. S. Nickerson

Two stories of the intelligence and sympathy of our feline friends were told me during one of my numerous visits to the Tower of London, while I was living in England. Southampton was a prisoner in the Tower with the Earl of Essex during Elizabeth's reign. In some strange way, or by some unrecognized faculty, a favorite cat of his, found his abode, and suddenly appeared to him, having made an entrance down the chimney. After his release by James I., Southampton had his picture painted with his faithful friend at his side. This portrait, I believe, can today be seen at Wilbeck Abbey.

The other tale, of Sir Henry Wyatt who was committed to the Tower during the reign of Richard III, and suffered much from want of clothing and food. He would have perished if a cat had not come down to his room and warmed him by lying on his breast and saved him from starvation by bringing him an occasional pigeon caught on the leads. Although the keeper was under orders not to improve his food, he agreed to cook anything which Sir Henry provided, and the pigeons which the cat brought, saved his life. He also had a picture painted, showing the cat offering a pigeon through the bars of the cell.

LAUGH MINT AT OLYMPIC, CHICAGO

"The Million," Henry W. Savage's New York Success Opens Sunday, Nov. 10, A Riot of Hilarity

The record breaking laugh success which for the season made New York rock with merriment, as it had Paris, Berlin and Vienna, Henry W. Savage's adapted run play, "The Million," at last will make its bow before the Chicago public at the Olympic Theatre next Sunday evening, November 10. Playgoers of the lake metropolis are eagerly awaiting this important and joyous debut and all who saw the hilarious gem during its long Manhattan run, give assurance that the actuality equals anticipations.

"The Million" was the laughing sensation of Europe for over two years. Henry W. Savage, realizing that its infectious comedy was of world-wide appeal, imported it and in the hands of brilliant adapters it was transformed into a swift moving

and merry epic of life in the artistic and "Bohemian" set of New York. The result was what Broadway for the entire season Manhattan promptly christened "a winner" and for the entire season Manhattan Island figuratively vibrated with the chuckles of delighted throngs which found "The Million" furiously funny and entirely to their satisfaction.

A special musical feature of the performance will be the rendition of Signor Caruso's \$10,000 love song, "Dreams of Long Ago," by Mr. Ker, who, in addition to being an agile comedian, is an opera tenor of European repute.

NO INDIGESTION, GAS, OR A SOUR STOMACH

"Pape's Diapiesin" Stops Fermentation and Makes Your Upset Stomach Feel Fine in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy, and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids, and eructate undigested food; breath foul, tongue coated—just take a little Diapiesin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally, keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large care at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on, with a weak, disordered stomach; it's so unnecessary.

De Oro Champion Pool Player.

New York, Nov. 9.—Alfredo De Oro retained his title as world's pool champion when he defeated Frank Sherman by a score of 200 to 121 in the third night's play of the series at Doyle's academy. This made De Oro's total score for the three nights 600 and Sherman's 466.

Noted Baseball Player Dead.

Baltimore, Md., Nov. 9.—Clarence ("Cupid") Childs, a noted old-time baseball player, died here after a lingering illness. He was forty-five years old. He joined the Cleveland National League team in 1889, and for years ranked as one of the most consistent batsmen and fielders in that league.

500 More Taken Off Stranded Liner.

Quebec, Nov. 9.—Ferry boats succeeded in reaching the stranded liner Royal George in the St. Lawrence river and in taking off the five hundred steerage passengers, who were sent to Montreal by special trains.

WISCONSIN PLOTS TOLD

Dynamite Explosions in Badger State Are Described.

Thomas Burke of Milwaukee, a Hoisting Worker, is Witness in Bomb Conspiracy Trial.

Indianapolis, Ind., Nov. 9.—Two dynamite explosions in Wisconsin were described by Thomas Burke of Milwaukee, a hoisting engineer, at the dynamite conspiracy trial here. As a non-union worker, Burke testified, he was working at Green Bay, Wis., November 21, 1909, when some one appeared at his job during the night and destroyed the property by dynamite. Burke also said he was in Milwaukee May 26, 1911, when an explosion caused \$50,000 loss and damaged a steamer near the docks.

The government read a report, written by Herbert S. Hockin to John J. McNamara, in which Hockin said he had talked to William E. Reddin, an ironworker's union official at Milwaukee, concerning conditions in Wisconsin. The report as read cautioned McNamara to keep the information secret from every one except Frank M. Ryan, president of the union.

More letters were introduced by the government to sustain its charge that explosions over the country grew out of a "reign of violence" in a fight against employers of non-union labor.

An alleged confession by Philip A. Cooley of New Orleans, member of the executive board of the Ironworkers' union, that he hit and seriously injured a workman in New Orleans and then "fixed it up with the judge" so he would not be sentenced, even though he pleaded guilty, was read by the government.

The government alleges Cooley planned explosions in the south, which were prevented by the McNamaras' arrest.

HILLES CALLS OFF MEET

Republican Chairman Decides Against Move for Successor to Sherman.

Washington, Nov. 9.—It is understood here that Chairman Hilles has called off the Chicago meeting of the Republican national committee because he had decided it was best to allow the Taft electors to exercise their own judgment as to a vice-presidential nominee without suggestion from the national committee. Furthermore, it has been suggested that it would seem ludicrous to call forty-eight national committeemen together to act for the guidance of eight electors.

HONDURAS REBEL KILLED

Gen. Jose Maria Valladares Shot at Start of New Revolution.

Tegucigalpa, Honduras, Nov. 9.—Gen. Jose Maria Valladares, the noted revolutionist who has caused much trouble to the governments of Honduras and Nicaragua, has fomented his last uprising. He was killed by government troops in a skirmish near Ojojona, his native town, twenty-five miles southwest of Tegucigalpa.

CONVICTS IN CONSPIRACY

Burns Detectives Unearth Plot to Dynamite Michigan State Prison.

Jackson, Mich., Nov. 9.—Three detectives of the Burns agency, sent into Jackson prison as convicts, have unearthed a plot to dynamite the institution. Seven convicts were taken before the warden, charged with burning the twine warehouse and conspiracy to dynamite the prison, and sent to Detroit for further examination.

Planning Enormous Hotel.

New York, Nov. 9.—Plans for what is to be the largest hotel in the city are being prepared by McKim, Mead and White for the Pennsylvania Terminal Realty company. The new hotel is to have more than 1,500 rooms.
